

MC Dennoh Muendo Website - gallery.html Guide

Create a file named **gallery.html** in your website project.

Purpose

This page showcases your best photos from events, interviews, media appearances, and professional portraits.

Suggested Sections

1. Hero banner titled 'My Gallery'.
2. Professional Photos.
3. Event Hosting Photos.
4. Journalism & Interviews.
5. Behind the Scenes.

Arrange the uploaded photos in a responsive grid with captions and allow visitors to click images to view larger versions.

Next: videos.html for your video portfolio.
